

- Pediatric Advanced Life Support (PALS) FOR DENTISTS 2022 -

May 21 2022 • 9AM-5PM • PenBay Hospital, Glen Cove Drive, Rockport, Maine
Instructor: Carrie Sawyer, RN, BS, CWOCN—Clinical Nurse Educator for Pen Bay Healthcare

The AHA's PALS Course has been updated to reflect new science in the
2015 AHA Guidelines Update for CPR and ECC.

This classroom, instructor-led course uses a series of videos and simulated pediatric emergencies to reinforce the important concepts of a systematic approach to pediatric assessment, basic life support, PALS treatment algorithms, effective resuscitation, and team dynamics. The goal of the PALS Course is to improve the quality of care provided to seriously ill or injured children, resulting in improved outcomes.

Course Objectives

- High quality Child CPR, AED and Infant CPR
- Recognition of patients who do and do not require immediate intervention
- Recognition of cardiopulmonary arrest early and application of CPR within 10 seconds
- Apply team dynamics
- Differentiation between respiratory distress and failure
- Early interventions for respiratory distress and failure
- Differentiation between compensated and decompensated (hypotensive) shock
- Early interventions for the treatment of shock
- Differentiation between unstable and stable patients with arrhythmias
- Clinical characteristics of instability in patients with arrhythmias
- Post cardiac arrest management
